

MINI-MAX

Have you ever been required to print a design which is just too large for your machine and have needed to refuse the business as a result? If so, then TAS have the solution for you!

TAS are pleased to announce the latest member in their growing family of Screen Printing machines, the brand new 'MINI-MAX'.

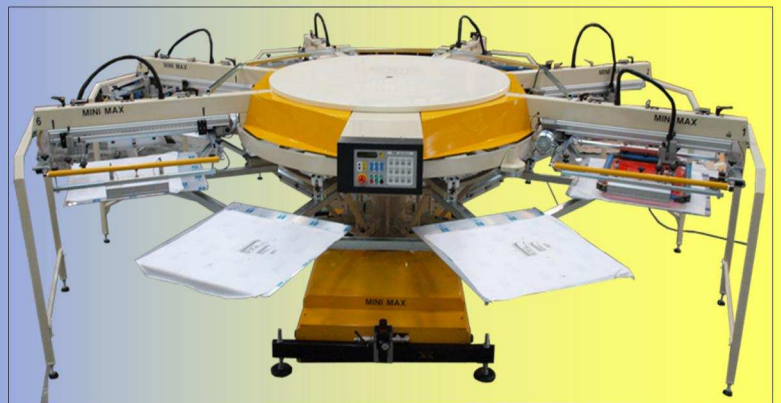

The MINI-MAX is designed with flexibility in mind and comes in a 6 or 8 colour version. The machine offers a huge print area of 81cm x 76cm (32" x 30") but with the minimum floor space possible, offering a low cost, space saving solution to all-over printing.

Designed with the same reliability and simplicity to which TAS have become recognised worldwide, the MINI-MAX offers the following unbeatable qualities...

- ◆ Versatility.....Ability to print designs ranging from sleeves to full garments!
- ◆ Space Efficiency.....Overall diameter of only 5.75m!
- ◆ Quick Set-Ups.....Change from Children's to All over Pallets in minutes!
- ◆ Optional load assist unit.....Designed to assist with the loading of large, difficult to handle substrates!

4 Year Limited Warranty.....TAS believes in the integrity and reliability of our products and we believe in proving it with our unique 4 year warranty!

These are just some of the reasons to invest in TAS products. For more information, simply contact our friendly staff who will be pleased to help.
